Skills targeted General learning objectives	This module aims to equip students with specific skills and abilities in the field of typography and type design, by developing techniques inherent in the graphic design of letters - calligraphy, lettering, construction, digital design, scripting and the development of fonts.
Teaching content and form	Three type design workshops – Custom Type, Type (hi)stories & Characters. <ul style="list-style-type: none"> • Custom Type: commissioned work in groups, in a restrictive business framework; • Type (hi)stories: development of a personal methodology and style in reinterpreting historical sources or creating from scratch; • Characters: experiments with letters, translation sounds, thoughts, impressions and moods into letterforms.
Forms of assessment and validation	At the end of the semester, projects undertaken will be assessed by a jury made up of the professors from the MA Type Design program. The assessment may take students' regular attendance at classes and lectures into account. To obtain credits, students must obtain an average mark of at least 4.
Remedial teaching	Remediation is possible by working to make good observed shortfalls. Module repeated in the academic year following a fail mark, according to procedures to be agreed with the director of the module. No remediation possible after repeating the module.
